## *From the Desk of the Vice-Chancellor*

Dear Friends,

The Central University of Orissa is one of the fifteen Central Universities established in the year 2009, by an Act of Parliament (No. 3C of 2009). It was established in one of the most backward regions of the state of Odisha at Koraput with a mandate to provide access to quality higher education to people in less educationally developed districts which have a Graduate Enrolment Ratio of less than the national average of 11%. In the mean time the Central University of Orissa has completed five successful years with a meaningful existence of creating a knowledge society that is capable of delivering quality higher education with equity and equality.

The growth and development of any country depends upon the quality of its human resources which sets new goals for excellence in an ever competing world. This is possible only with a higher education system which is inclusive and sets high scholastic standards of teaching and research, along with a strict adherence to democratic values and principles.

With a humble beginning five years back, the University started functioning with five centres from its temporary campus at Landiguda, subsequently opened three more centres during 2011-12 academic session. During the present academic session 2013-14 the ninth centre was opened with the introduction of B.Ed. course. Out of nine centres, P.G. courses are offered in seven centres under four Schools, 5 yrs Integrated M.Sc. in the Centre of Mathematics and one year B.Ed. under the Centre for Teachers' Education. 2 yrs M.Sc. programme is offered under the Centre for Biodiversity and Conservation of Natural Resources, which is unique of its kind. Research programmes (M.Phil and Ph.D) have been introduced in four subjects i.e. Anthropology, Sociology, Oriya and Journalism and Mass Communication from the current academic session 2013-14.

We have a dedicated faculty combining maturity of experience with young talent. ICT driven interactive teaching by faculties has ensured the participation of students in the class room. The Semester System and Choice-based Credit system is in operation which promote continuous evaluation. Seminar, dissertation and field trips help broadening the horizons of the students.

The Central Library has grown over the years, with more than 16,500 books in its stocks, subscribing to 82 print journals (both national and international) and more than 8000 electronic journals are accessed online through UGC Infonet Digital Library consortium. Reprographic facilities are provided to users. Four buses have been put into the service to commute the students from different localities. Hostellers and non-hostellers have been using the services of the bus for plying to the University and attending various academic and field visits.

The academic session 2013-14 is eventful from many counts. Ten new faculties joined the University. The 3rd Convocation was held during the session with Dr. M. M. Pallam Raju, Hon'ble Union Minister of Human Resource Development as the Chief Guest. Other than this a special Convocation for offering Degree of Doctor of Law, a National Colloquium on Legal Education, National Symposium on "University Legal Education", National Seminar on "Swami Vivekananda's Concept of Education" and Memorial Lectures in Literature and Social Science were highlights of the year. Outreach and Mentoring Programme to reach the unreached is another success story. Signing MoU with Wananga University, New Zealand for opening of Centre for Indigenous Studies and launching Erasmus Mundus programme under EUPHRATES Project help student & staff exchange mobility towards Europe from India.

In the current academic session two centres i.e. Centres for Sociological Studies (CSS) and Centre for Teachers' Education started functioning from our main campus at Sunabeda, which is 450 acre sprawling campus close to HAL, Sunabeda. The Central library has also started functioning from the main campus with reprographic facilities for students. Construction of the State of the Art Guest House, Boys and Girls Hostel at the main campus are milestones in the history of the University.

The Central University of Orissa like to put on record the support and cooperation received from the Ministry of HRD, Govt of India, University Grants Commission and the different agencies of Govt. of Odisha. This report gives me an opportunity to place before you what we have been striving for delivering quality higher education with equity and equality.

## PREFACE

The Annual Report of the University is the compendium of all the pertinent information and progress of the University during the year 2013-14. The report covers the period from 1st April, 2013 to 31st March, 2014. It presents an overview of the Academic, Research and Extension activities that our learned academicians pursued during the year in their respective fields of specialization, breaking new ground in some areas, while sustaining continuity and momentum of the creative work in hand, showing excellent progress. In a way, the brief account that follows is meant to be an open house on the University's achievements, inviting public attention and scrutiny as well as an opportunity for a further peer review and reflection as if the campus community were gazing at itself in retrospect, believing in the self-evident truth that the best prophet of the future is the past.

The details on teaching, research, administration, finance and development activities of the University during the reporting year have been included in this report. Utmost care has been taken to include the details of the events and activities that occurred during the year 2013-14 at all Centres, and Sections of the entire University in this Annual Report.

The year 2013-2014 under review has been remarkable as it expanded the activities of Central University of Orissa in terms of addition of faculty, staff, collaborative programmes, expansion of library and setting up of new Centres. The Central University of Orissa has continued to register significant growth and achieving new milestones within a short period in the academic activities and construction of physical infrastructure. Editorial Board duly acknowledges all the people who made the timely publication of this Annual Report 2013-2014 possible. The data furnished inside the report has been provided by all the Heads of the Departments, the Officers of the Administrative sections.

We place on record a sense of our gratitude to Prof. Mohammad Miyan, Hon'ble Vice-Chancellor, Central University of Orissa for his guidance and support to the Editorial Board.

The editorial team sincerely acknowledges the efforts put by all members of the Annual Report Committee for collecting information from various departments and sections and meticulously compiling the Report.

We appreciate and acknowledge the sincere efforts of the Editorial Committee who meticulously edited all the chapters of the Annual Report with their critical inputs to improve the quality of the presentations in the report.

## EXECUTIVE SUMMARY

The Central University of Orissa was established by an Act of Parliament under the Central Universities Act, 2009 during the XI Plan Period at Koraput, Odisha.

### Vision of the University:

- Collaborations/ Forging academic alliance/partnership with flagship research institutes, Universities in India and abroad and also with Industry. Cross Border education as envisaged in the UNESCO document has been taken on a new shape and new meaning in today's context.
- Induction of eminent Visiting Faculty by invitation
- Setting up an Internal Quality Assurance Cell (IQAC)

### Mission of the University:

- Provide quality education for all, so that we may fortify the backbone of the nation.
- Disseminate 'inclusive education' to reach the unreached.
- Advocate a wholesome symbiosis of the indigenous and the global scene.
- Uphold a strongly grounded holistic worldview of the higher education.
- Create a niche of its own.

### Accordingly the University has already formulated:

- A Policy Framework for University-Industry Linkages
- A Policy Framework for International Linkages with Universities abroad.
- A Policy Framework for the inculcation of the 'culture of quality' at all levels of governance, teaching and learning.

### The objectives of the Central University of Orissa:

- To disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit;
- To make special provisions for integrated courses in humanities, social sciences, science and technology in its educational programmes;
- To make appropriate measures for promoting innovations in teaching-learning process and interdisciplinary studies and research;
- To educate and train man-power for the development of the country;
- To establish linkages with industries for the promotion of science and technology;
- To pay special attention to the improvement of the social and economic conditions and welfare of the people, their intellectual, academic and cultural development.

### Academic Profile

- Classes for the Academic Year 2013-14 in seven P.G. Programmes, one Integrated P.G. Programme (5yrs.) and one B.Ed. Programme are going on from July - 2013. Total 324 students have taken admissions for the Academic Year 2013-14 in these subjects out of a total intake of 390.
- The results of the End-Semester Examinations of 2013 have been published.
- The Evaluation Process of the University is based on the Semester partens with Choice-Based Credit System.
- The Academic Calendar is strictly followed by the Centres/Departments and all the teaching-learning activities were carried out as per the scheduled programmes.
- The Statutory Bodies of the University have duly approved its M.Phil/Ph.D. Programme in the subjects of Anthropology, Sociology, Oriya and J&MC from the Academic Year 2013-14. Total 33 scholars have taken admissions for the Academic Year 2013-14.

### Infrastructural Progress

In line with the vision of this University, we have confronted myriad hurdles and challenges in developing our Main Campus at Sunabeda, Koraput. In our efforts to improve the level of infrastructure and other ancillary facilities to meet the requirements of structural development at the Campus, the University has been able to create the required infrastructure to make the Campus functional from the this Academic Year 2013-14.

## Human Resource

The University at present is equipped with well-experienced Faculty Members and Non-Teaching staff. We have a number of Guest Lecturers in some subjects. The University has also created a pool of Eminent Visiting Faculty for providing additional exposure to its students.

## Central Library of the University

Central Library has grown exponentially over the last years. Although, the Central Library of CUO is only 5 years old, it has achieved its objectives by providing certain value added services to its teaching and students communities. So far Central Library has 17000 no. of books in its collection. Central Library is subscribing 80 no. of print Journals/Magazines and more than 9000 no. of E-Journals through UGC-Infonet Digital Library Consortium Programme being provided by INFLIBNET Centre, Ahmedabad. Central Library is proud to provide access of JSTOR, Oxford University Press, Taylor & Francis, Springer, Project Muse, Wiley-Blackwell Publishing, Cambridge University Press, JCCC, MathSciNet, ISID database, Emerald, Science Direct & other E-Journals within short period of time.

## Transport Facility for students and staff

To meet the requirement of transport facility for the students and staff of the University, five buses are provided on monthly basis from different specific destinations to the University Campus and back.

## FORMATION OF THE SECOND (NEW) EXECUTIVE COUNCIL AND THE SECOND (NEW) ACADEMIC COUNCIL

## SCHOOL OF BIODIVERSITY AND CONSERVATION OF NATURAL RESOURCES

### Centre of Biodiversity & Conservation of Natural Resources

School of Biodiversity and Conservation of Natural Resources in Central University of Orissa located in Koraput has opened the gateway for millions of students from within and outside the state or country to study, understand and has provided ample scope of research for deciphering the biodiversity and applying the output for the need of the society. Orissa with a diverse biodiversity has immense potential to go for varied research. With this background our Centre aims at the following objectives:

- To study the biodiversity of Koraput along with the adjacent districts of the state.
- Mapping the biodiversity of the area and suggest measures for conservation for endangered and endemic species.
- To monitor the carbon sequestration potentiality of the forests in and around Koraput.
- To extract bioactive substances like carotenoids from the existing flora and fauna of the area and link it with the livelihood upgradation programmes
- To develop fish feed for the coastal communities which will improve the socio-economic profile of the area.
- To take up species- specific plantation programmes for combating climate change problems.
- The Centre offers Master Degree programme in Biodiversity and Conservation of Natural Resources. The Advisory Committee on Curriculum Development has come out with an innovative and creative need-based course structure for the Master programmes.

## SCHOOL OF EDUCATION AND EDUCATION TECHNOLOGY

### Centre for Journalism & Mass Communication

The Centre for Journalism & Mass Communication had its humble beginning in the year 2009 and within a span of less than three years has made a mark for itself in the state of Odisha as one of the premier Journalism departments. The Centre has a multi-media lab with internet connection and latest software. The Centre also owns a few latest still and video cameras. The students undergo one month of rigorous internship at leading media houses across the country and some of them have been absorbed by leading newspapers, television channels, Public Relations organizations, NGOs etc. The Centre has started M.Phil and Ph.D. Programme in Journalism and Mass Communication from 2013-14 Academic session. It also plans to start short term courses in future.

#### The Centre for Journalism & Mass Communication aims

- To provide media education and professional training
- To study and utilise mass media and traditional media for integral development of Koraput as well as the state of Odisha.
- To act as a nodal centre for the production of audio-visual programmes and publication of community newspapers on the rich culture and heritage of Koraput as well as Odisha for regional and national transmission.
- To act as the media resource and research centre through regional, national and international networking.
- To provide education and training to the youth of backward areas so as to make them good professionals to work at different levels.
- To provide education and training to the working journalists and to provide professionally qualified manpower for the traditional, mass as well as new media.
- To produce quality research articles in leading national and international journals

## SCHOOL OF LANGUAGES

Language is the key to exchange of thought between man and society. How we think, what we think, how we interact with each other and co-exist as a community, all this is determined by language which is not only the means of thought but in fact the thought itself. In other hand literature is the mirror of society and useful of ethics and mental peace.

The School of Languages setup with this in mind and imparts instruction at present in two languages i.e. English and Odia. Each of these languages has a significant body of literature, a galaxy of great writers, novelist, poets, story writers, play writers etc. These languages are the careers of great culture and great philosophy. The students who opt to study of languages in the school will, in fact, be studying much more than language. He / She will also be studying the literature, art and philosophy of that culture.

Training in these above two languages enables one, at the end of the training, to become a translator, an interpreter, a teacher, an expert or a consultant in multi-media projects.

### Centre for English Language and Literature (CELL)

Under the School of Languages, the Centre for English Language and Literature(CELL) started in Central University of Orissa with M.A. (2 years) Programme from the Academic year 2009-10.

#### Vision:

- Induction of eminent Professors in English by invitation
- Setting up a Phonetics laboratory, communication lab, Departmental Library etc.
- Introduce the new programmes like M.Phil/Ph.D. in English literature/English Language Teaching/ Linguistics.
- To organize annual seminar/ workshop/ conferences.

The Centre offers M.A. programmes in English and lays emphasis on non-British literatures in Africa, America, Australian, Canadian, English, Indian, Irish, etc. Courses on literary theories help the students to develop the ability to relate the literatures to their context, to compare theories and texts, and to explore the ways history, ideology, and material forces condition literary and cultural Theories, Comparative Literature, and English in India.

**Centre for Odia Language and Literature (COLL)**

The Centre offers M.A. in Odia. The first motive is to emphasize and promote the language, literature and culture of the State of Odisha. This language and literature have a great tradition by Oral Literature and Written Literature. Comparative Literature, Translation and Editing, the role of Mass Media in the development of literature are the basic course of the above programme.

There is a great scope of research on Odia literature and culture of Odisha. The students may be inspired by the above programme by which the literature and culture may be preserved for the new generation.

The Centre for Oriya Language and Literature offers Master of Arts course since its inception in 2009. The syllabus of M.A is revised in regular intervals and made up to date. Centre provides specialized teaching in comparative literature, folk literature and tribal studies. The diverse field of the M.A course adopted modern technology in editing and translation. The Centre has been active in its research activities since its inception.

The teachers of the Centre supervise dissertation for Masters Programme where students get anthropological and sociological field work exposure in the fourth semester. Sizeable number of students from the Centre cleared UGC-JRF/NET and some of them secured employment in reputed governmental and non-governmental sectors.

Research Programme (M.Phil. & Ph.D.) was introduced in the Centre from the current Academic Session 2013-14.

## SCHOOL OF SOCIAL SCIENCES

The School of Social Sciences is created with an innovative and creative idea to engage with interdisciplinary approach in academic activities. It has no undergraduate programme of its own, at present it has only master programmes. The school has five Centres in which initiative has been taken for regular admission in Master Programmes as detailed in the following:

### Centre for Anthropological Studies (CAS)

**Anthropology** is the scientific study of human beings as social organisms interacting with each other in their environment. Singularly, Anthropology can be defined as the study of human nature, human society, and the human past. It is the area that looks at culture in a meaningful scientific concept, asking what it means to be human. It is a scholarly discipline that aims to describe in the broadest possible sense what it means to be human. The methods and theories of Anthropology can be applied in the analysis and solution of practical problems. Besides the Public sector assignments, the applied anthropologists often work for

non-academic clients such as government, development agencies, NGOs, tribal and ethnic associations, etc. Centre for Anthropological Studies is functioning in this University since 2009. Four batches of students already completed their master degree. Fifth and sixth batch is going on. The total number of maximum student in taking capacity of the centre is 30. M.Phil and Ph.D. programme in Anthropology is started from the academic session 2013-14 onwards. Teaching provided to the students through modern teaching methodologies like ICT, etc. The students exposed extensive field research training and they also prepare dissertations on the basis of extensive field work. The centre is providing the knowledge and technical know how about the Anthropology subject and its applied aspects. They got hands on training in museology training for the documentation, curative preservation and dissemination of museum specimens. Students also received hands on training on medical anthropology, nutritional status assessment, modern human genetics training, Forensic applications of anthropology, social impact assessment, evaluation and monitoring of developmental work projects, etc. Students are getting a special course on the holistic aspect of Tribal Studies. The students completing the masters degree from this centre can be able to build up the career in different lines such as teaching, research, job in Anthropological Survey of India, Indian Council of Medical Research, Central Forensic Science Laboratories, different centres of ICSSR, Archaeological Survey of India, In different Museums, Sports Authority of India, in different medical institutions, in institutions working for social science, rural development, disaster management, population research and also in NGO sectors. Several pass out students are also now actively involved in several prestigious works as in above mentioned areas. For the preservation of tangible and intangible as well as human heritage of this area, this centre already started documenting through extensive field work and going to establish one anthropological museum very soon in the University. This centre is also going to establish one advance human genetics laboratory through; it is planning to conduct mass screening of genetic disorder if any among the local people. By the active initiative of the Centre, University is going to establish one specialised centre in the name of "Centre for Indigenous Studies". For which University already collaborated with Indigenous University of New Zealand under India- New Zealand collaborative initiative. For the primary exchange programme, distinguished faculty from New Zealand and some other experts came to our University and one workshop undertaken in our university.

## PUBLIC RELATIONS CELL

Name of the Officer: Dr. **Phagunath Bhoi**, MJMC, Ph.D., UGC-NET  
Public Relations Officer

### Brief introduction:

The Central University of Orissa at Koraput has been established by an Act of Parliament during the year 2009. Since its very inception (i.e., 29<sup>th</sup> August, 2009) the University has been stemmed up with five Centres of different Schools and is marching ahead with an effort to create an environment more conducive for quality teaching and learning. Subsequently three more Centres were introduced during the academic session 2011-12 and one Centre in the academic session 2013-14. The University has so far conducted three convocations and organized a number of National Seminars, Colloquia, Endowment Lectures and interactive programmes. It has already constituted High-level Advisory Committees to prepare the roadmap for growth and development.

Being crowned with the majestic beauty of the hilly terrain and meandering rivulet 'Kerandi', the verdurous gloom of the varsity lures the new entrants and perceives the insidious influx of their presence alive, to be blossomed and groomed to their full extent from various locales of the Indian peninsula. The frequent oaring of the coracles and canoes by the tribals with their cultural attires in the surrounding environs ensnares the psychic vistas of the foreigners and so is the natural habitat of anthropo-lingual-bio-diversified tribal culture.

In view of the above to protect and manage the University's reputation, strengthen brand image, and increase brand awareness in the national and international level the Public Relations department has been working in a full-fledged manner from 8<sup>th</sup> February 2012 with the appointment of the Public Relations Officer. The Office of Public Relations oversees institutional news and media relations, government relations; marketing and branding, creative and editorial services and ceremonies, seminars, symposium, meetings, conference, events; liaison with elected representatives, local leader, Legislators, Parliamentarians, District Administration and State Administration. The Office also takes care of hospitality for the guests and dignitaries visiting the University.

## SHIFTING OF SOME CENTRES TO THE MAIN CAMPUS

Classes at Main campus of Central University of Orissa at Sunabeda started on 20<sup>th</sup> October, 2013 with shifting of the Centre for Teacher Education (B.Ed. Programme) there. As first batch of 100 students took admission in B.Ed. Programme, it was decided to start the Course from the Main campus. The B.Ed. classes are running with 06 members of the Faculty and 100 students. Subsequently, the Centre of Sociological Studies (CSS) shifted to the main campus and classes started from 20<sup>th</sup> December, 2013. Three members of the faculty with 80 P.G. students, 01 Ph.D. and 04 M.Phil scholars have been continuing the academic programmes since then.

*Close-up of Boys' Hostel at the permanent Campus of CUO, Sunabeda*

- Similarly, the construction of the Girls' Hostel (G + 3) of 7,735 sq. mtr. (plinth area) having 236 rooms has also been completed.
- The construction of Academic Block of 1,700 sq. mtr plinth area has also been completed and both the Blocks have already been inaugurated on the 21<sup>st</sup> January, 2013.
- The construction of the Library Wing of 775 sq. mtr (Plinth area) at the Main Campus has been completed and functioned from last academic year.
- A Conference-cum-Seminar Hall has also been developed in the Academic Block at the Main Campus. The Conference Hall is well equipped and fixed with conference furniture supplied by Godrej.
- For providing beverage facility to the students & staff, construction of a Canteen at the Main Campus has been completed.

*Girls' Hostel at the permanent Campus of CUO, Sunabeda*

*Panoramic picture of Girls' Hostel at the permanent Campus of CUO, Sunabeda*

- The Master Plan and Building Design are in the process. The selection of Architectural Firm is in progress. An Action Plan for an Eco-friendly and Energy Saving Green Campus as per GRIHA has been drafted. In support of this we are also committed to recycling of waste, utilizing of renewable energy, water harvesting and environment impact assessment.
- Laboratories for the Centre for Anthropological Studies, Centre for Journalism & Mass Communication and Centre of Biodiversity & Conservation of Natural Resources have been established in the Landiguda Campus.
- The Central University of Orissa has been ICT driven since its inception. The framework was crafted with utmost care taking into consideration of the strategic plan of the University as well as the recent development in the education sector.
- All the day-to-day routine activities like accounting, admission, Students' Database, Library Database have been computerised.
- Two separate Hostels for boys and girls of the University are located at SCITM Campus, Semiliguda.

- The water supply to the Main Campus has been completed by the State Government.
- The construction of the Approach Road to the Main Campus is in progress by the State Government.
- The electricity supply to the Main Campus is in progress by the State Government through SOUTHCO, Berhampur Division, Odisha.
- The university is making sincere and all out efforts in a team spirit for growth and development of the university.
- Presently construction of internal water supply, construction of HT and LT internal electrical line, construction of underground sump of 50,000 litres drinking water, construction of additional academic block, and construction of temporary shed for extension of the canteen are in progress.
- The University has set a target to complete the ongoing water supply and electricity supply to the university by the end of November 2014, to make the hostels functional forthwith.

*Guest House at the permanent Campus of CUO, Sunabeda*

*Pre-fabricated Academic Block at the permanent Campus of CUO, Sunabeda*

- Similarly the university has made a target to complete its entire internal road including lane roads by end of December 2015. Simultaneously the projects relating to street lighting, drainage, compound walls will be taken up.

*Pre-fabricated Library building at the permanent Campus of CUO, Sunabeda*

- In the last phase, the Administrative Block, Maintenance and Engineering Offices, Auditorium, Sports Complex, Staff Quarters, Health Centre and other similar infrastructure facilities will be developed within a span of two to three years.
